vol. 1

Rejoice! **The Branches Recovery Ministry** has a new Board. Over the past two years, God has used this team to establish a formal board. In this time, we have worked diligently alongside our ministry **partners** to raise start-up funds to purchase a new building and remodel a building.

Men's Program

Praise God! Our first resident and Overnight Supervisor moved into the recovery house this month and two more men joined them a couple of days ago. Please pray, as we have several applications for men who hope to join our program.

Partner with a
Branches Brother!

We are happy to report **The Branches Recovery Ministry** has organized leaders and built volunteer teams! This is an exciting time for us, but also very challenging. We are in a season of growing and strengthening our **Partnership network**. The Lord is getting all the credit... we are blessed to report that we have highly skilled people partnering with us in the mission.

As you can understand, the demand of physical growth requires the need for more teachers and admin support. Our volunteer partners work with the residents each morning to work through curriculum, from 8-10:15am. Afterwards, a chaplain leads prayer and a bible lesson, from 10:45-11:30am. **We need more chaplains! Please connect with Mike, if you are interested in partnering with The Branches Recovery Ministry.**

The Branches Testimony

"I stay in touch with God more. Gives me a better understanding of what God is saying to me. I have learned more about what Jesus has done for me and what the resurrection means for believers.

The programming has given me good ideas for new tattoos, I want to have a tattoo of three crosses, representing the crucifixion and Jesus saying, "it is finished." The Branches inspires me to pray, to love Jesus, know what his sacrifice was; that he died for my sins. You get what you put into the program, if you commit." - Jeff

"The Branches has been inspiring for me. I have always felt called to leadership. I feel it is a natural, God given gift, that I am blessed with. I fully enjoy talking to the clients, Learning and teaching about life in recovery as I

am in recovery myself. The programming is thorough, instructional, and a great way to start the day. I feel that a faith-based recovery residence and recovery program can be beneficial for all people with addictions or life-controlling issues. After all, the traditional programs of Alcoholics Anonymous and Narcotics Anonymous are rooted in and emphasize the importance, or need, for a strong connection to a higher power, or as we call it at the Branches: God Almighty, Jesus Christ, and the Holy Spirit." - Mike R.

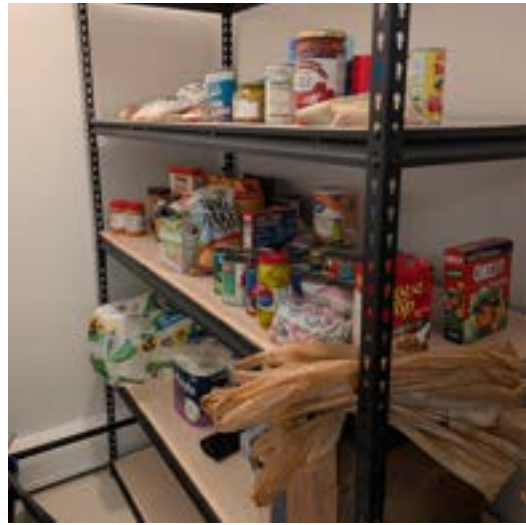

In the afternoon the men help us remodel an apartment and learn trade skills. **Please, consider partnering with us in prayer.** We have plans to begin building sheds to teach construction and wood-working skills to help slow down the mind and calm the heart. Hand-crafted items can be sold to help fund **The Branches Recovery Ministry.** These items can be sold to help fund the program. In the evening the men attend various recovery meetings in the community as well as a Saturday night worship service that is specifically designed for those recovering from addiction.

Can you believe it? There's more, God is moving in our recovery ministry! We had a successful open house, Hayward Program graduates and a volunteer team got the house ready for our first resident. Praise the Lord, this home is now ready for fellowship and presentations in the classroom.

Through Christ and your partnership, The Branches Recovery Ministry continues to thrive! Join the mission - Consider partnering with us in prayer, discipleship and missions. Click for more information.
